PROGRAM FOR THE FORMS MANAGEMENT BRANCH

Estimated Date
Start Completed

- 1. Revise the present forms numbering system.
 - a. Study organizational and security requirements; coordinating special problem areas with Area Records Officers.
 - b. Determine number and types of categories the system should be broken into, such as:
 - (1) Agency-wide forms
 - (2) Headquarters-wide forms
 - (3) Intra-office forms
 - c. If feasible, discontinue present obsolete and confusing system and number all forms under one or more of above categories in a simple straight numerical sequence.
 - d. Provide for the systematic integration of old forms into the new numbering system and correction of references in regulatory and administrative issuances.
- 2. Develop a savings cost system.
 - a. Study cost factors involved in the creation, production and utilization of forms and develop, with technical assistance of the Technical Accounting Staff, Comptroller's Office, DD/A, a standardized method for computing savings resulting from application of program methods and techniques.
 - Reproduce sufficient copies for review and coordination by Area Records Officers.
 - c. Resolve any recommended changes in conjunction with TAS and submit final version to Chief, GSO, for approval.
 - d. When approved, prescribe for Agency-wide use where applicable. (Primary application outside of Forms Management Branch, GSO, will be where program application has been completely decentralized, such as to domestic field activities and stations outside the Continental U. S.)
- Develop a Forms Management Handbook.
 - a. Develop for review and coordination at GSO Division level, an initial draft of a handbook establishing a world-wide forms management program and setting forth policies and procedures governing creation, production and utilization of all Agency forms. Handbook to specifically include:
 - (1) Statement of purpose, scope and policy.

 Approved For Release 2006/04/13: CIA-RDP70-00211R000900140004-2

Completed

(2) Basis for Forms Management.

(3) Define a form and explain categories used by Agency.

(4) State program objectives and ad-

van tages.

(5) Outline responsibilities of Forms
Management Branch, GSO, and those
of all other organizational
components.

(6) Set forth detailed plan for establishing program Agency-wide.

- (7) Outline initial operating procedures providing specifically for:
 - (a) An inventory of all forms and collection of sample copies.

(b) Submission of periodic progress reports.

(c) Establishment of basic files.

(d) Continuing survey and study of Agency forms.

- (e) Procedures for requesting approval of forms (includes development of new request form).
- (8) A chapter on Functional Forms
 Analysis (Present system of
 functional coding to be studied
 and possibly modified).

(9) Establishment of standards of forms design and explanation of

techniques.

- (10) Chapters on typography, construction, production and composition methods and special ty-type forms.
- b. Incorporate any acceptable recommended changes and submit to Chief, GSO, for approval.
- c. When approved by the Chief, GSO, reproduce sufficient copies for review and coordination by the DD/A, DD/I and DD/P complexes as well as the several components of the Director's Office (Training, Communications, etc.). Coordination to be accomplished under monitorship of the Area Records Officers where designated and by the GSO Forms Management Branch in other areas.

Estimated Date tart Completed

- d. Incorporate acceptable recommended changes, if any, and submit to DD/A for approval.
- e. When approved by the DD/A, forward to the DDCI for a final top-level approval and endorsement. (This would be useful for subsequent publicity and might be of aid in forestalling any possible difficulties which might arise at a later date in the DD/I and DD/P areas).
- f. Revise draft to incorporate any final changes, develop a table of contents and an index, prepare text, exhibits and cover for submission for publication.

4. Training Program.

- a. Assess, in conjunction with the Area Records Officers, and based on periodic progress reports, inspections, etc., Agency requirements for training in forms management methods, techniques and procedures.
- b. Develop exhibits, practical exercises, Vuegraph and 35 mm slides and other visual aids.
- c. Develop, in collaboration with the Director of Training, an extension course and/or sound film strips for use in training inaccessible program participants in overseas stations, proprietary projects and subsidiary interests.
- d. Coordinate all training materials, course requirements, etc. with the Director of Training and obtain approval of the Chief, GSO.
- e. Schedule and/or conduct, separately or under Graining auspices, sessions of instruction for individuals or groups as appropriate.

5. Forms Index or Catalog.

a. In consultation with Area Records Officers and other operating personnel, determine actual needs of the Agency for a publication of this sort. Decide between:

Estimated Date
Start Completed

- (1) An index (numerical, alphabetical and/or functional, showing information such as form number, edition date, title, unit of issue, place of stockage and prescribing regulatory or administrative issuance reference number).
- (2) A catalog (actually depict a physical reproduction of the form in addition to furnishing other information).
- (3) Type of mechanization of index:
 - (a) IBM
 - (b) Post-index or similar system.
 - (c) Submit recommendation as to publication and method of mechanization to Chief, GSO, for approval.
 - (d) Based on frequency of changes in forms and addition of new items, determine frequency for issuing changes to the index or catalog and publish same as required on a continuing basis.
- 6. Continuing Program Operation.
 - a. Maintain continuing liaison with Area Records Officers, both individually and through periodic group discussions. Assist in all problem areas.
 - b. On a day-to-day basis, determine essentiality and finally approve or disapprove requests for new or revised forms, eliminating, consolidating, standardizing and simplifying where feasible. Review and coordinate on regulatory and administrative issuances prescribing or referencing forms, effecting complete correlation between forms procedures and issuances. Assign numbers, prepare preliminary and final-type copy, develop production specifications and requirements for initial distribution, stockage and resupply.

estimated Date
Start | Completed

- c. Determine applicability of forms of other Government agencies to the Agency and approve or disapprove forms trequests.
- d. Inspect decentralized program operations and advise and consult with field and headquarters officials on planning, operational and technical phases of the program.
- e. Study functional groups of forms to aliminate, consolidate, standardise, simplify, and improve existing forms and procedures.
- f. Conduct special studies and research projects on forms systems and procedural implementation to improve management and use; provide information for top Agency officials and meet other governmental and Congressional requirements.
- g. Maintain Agency limison with Government and industry on all forms matters.
- h. Evaluate Area Records Officers Progress
 Reports. Determine where progress may be
 lagging; assist in scheduling inspections;
 point up possible areas where publicity
 might be advantageous.
- i. Install and administer a Forms Management Program in those organizational segments not serviced by an Area Records Officer.
- j. Develop statistics, progress reports, etc. as may be required by higher authority.

7. Promotional Publicity.

- a. Separately and in conjunction with the Area Records Officers, develop on a continuing basis, appropriate publicity for intra-Agency consumption, utilizing such media as:
 - (1) Progress Reports
 - (2) Periodic publications such as the Records Fanagement Bulletin.
 - (3) Posters.
 - (h) Conferences, seminars, meetings,
 - g from table discussions, etc.

Estimated Date

- b. Use as a means of selling program and obtaining Agency-wide acceptance, explaining aims, expressing top-level management endorsement, making the "rank and file" forms-conscious, reporting program progress, encourageing competition between organizational elements, recognizing outstanding achievements and contributions of Area Records Officers and other individuals to Forms Management.
- c. Develop lectures for inclusion in basic orientation talks given newly hired Agency personnel. Include in such courses as the BIC and Adm. Sup. Course. (While providing some training, primary value will be that of publicity, i. e. securing recognition, obtaining cooperation, etc.).

PROGRAM FOR THE RECORDS DISPOSITION BRANCH

Estimated Date

Start

Completed

The establishment and maintenance of a records scheduling program that will provide for the systematic disposition of Agency records consistent with their use and value.

1. Program essentials.

4€

- a. A records disposition handbook that will outlime the essentials of records inventories, evaluation, retirement, disposal, preservation, legal requirements and procedures governing the development of these essentials.
- b. A records control schedule for each organizational segment of the Agency.
- Lagal authorizations for the disposal of temporarily valuable records.
- d. An adequately trained group of staff and line personnel.
- e. Schedule application and review procedure.
- f. Program effectiveness measurement.

2. Mode of Operation.

- a. Disposition Handbook. Prepare and issue the handbook through the Regulations Control Staff for the use of all interested Agency personnel.
- b. Records Control Schedules. Prepare or supervise the preparation of a schedule for each organizational segment of the Agency by:
 - (1) The taking of a complete records inven-
 - (2) Evaluating each series of records in terms of their administrative, legal, fiscal, research or historical value.
 - (3) Developing standards and obtaining concurrence of operating personnel.
- c. Legal authorizations. Obtain legal authorization to dispose of records in accordance with standards contained in the records control schedules.
- Prepare and submit to the National Archives and the Congress, requests for authority to dispose of records.

Estimated Date

or individually train area records officers, staff employees and other interested personnel in the techniques of records disposition.

The basic training tool will be the records disposition handbook. It will be supplemented through group discussions, reference to and study of statutes and regulations applicable to the disposition of Federal Records, and reference to publications of other Federal agencies.

- e. Schedule Application and Review Procedure...
 Records Control Schedules will be reviewed approximately 1 year after original preparation and annually thereafter to:
 - (1) Assure initial and continued application.
 - (2) Revise them to include or delete items in connection with organizational or functional changes.
- f. Program Effectiveness Measurements.

 Measure the effectiveness of the scheduling program through:
 - (1) Surveys and inspections.
 - (2) Collection, compilation and submission of information on records disposition activities.

		\mathbf{R}	NCH	

The Control of the Co	(Reports	Hanagement)	ŀ
--	----------	-------------	---

Estimate	â. l	Date	
Start		Com	leted

- 1. Develop a handbook (The Reports Management Program Handbook) for the guidance of Area Records Officers implementing a Program within their creas. The Handbook will contain information on Program scope, objectives, definitions, provotion, installation, and operation.
 - a. Secure permission to install and operate a Reports Management Program in a representative Office.
 - b. Collaborate with the Office's officials and the Area Records Officer to determine the most realistic procedures and guides for administering the Program.
 - c. Develop an initial draft of the proposed handbook and clear through GSO and the Office in which the Program is to be operated.
 - d. Test the Program and the handbook through actual operations in one or more Offices.
 - e. Publicize content of the handbook and what is being accomplished in Offices administering the Program.
 - f. Rased upon comments from other areas, and experience gained in actual Program operations, develop a draft containing guides appropriate to administering a Program in any component of the Agency.
 - g. Submit draft copies through Regulations Control Staff for working-level clearance.
 - h. Incorporate working-level recommendations into a final draft; clear through Chief, GSO, and Regulations Control Staff; and submit to Reproduction for printing.
- 2. Concurrently with accomplishing Objective 1 above, develop a progress reporting system in conjunction with progress reports on other phases of necords Management.

Estimated Date
Start Completed

- a. Determine the desirable reporting frequency and format with respect to:
 - (1) Higher echelon's requirements for progress information.
 - (2) The desirability of exchanging timely ideas among the Area Records Officers.
 - (3) The need for an indicator of problem areas.
- b. Analyze the methods used by Area Records Officers to maintain records on Program Progress.
- c. On the basis of findings from a. and b. above, develop a reporting procedure which will best serve the needs of the Program yet place the least burden on Area Records Officers.
- 3. Promote the establishment and operation of Programs in each major organizational component to ensure that Reports Management principles are applied throughout the Agency.
 - a. Publicize the accomplishments of established programs. Confer with officials of those elements which do not have a Program. Gain acceptance of the Program at the highest echelons. If possible promote the issuance of Program directives at the Peputy Director levels.
 - b. Upon acceptance of the Program by individual Offices, develop such guides as necessary for its installation and operation, and assist Area Records Officers with the initial Program phases.
- 4. Develop and implement a training program designed to supplement the Reports Management Program Handbook and other published guides, such a program to be of benefit to present or future Area Records Officers who may lack program administration and analytical exercises.

Estimated Date art | Completed

- a. Develop exhibits, practical exercises, and other training muterial on the basis of available training literature and muterial obtained through the experiences of Area Records Officers.
- b. Schedule and conduct training sessions for inclviduals or groups, as appropriate.
- 5. Provide Area Records Officers with such assistance as is necessary and perform other duties incidental to the continued operation of the Program.
 - a. Mintain continuing liaison with Area Records Officers, either individually or through periodic group discussions.

- f. Develop a reporting system on assigned vehicles to assure proper utilisation.
- g. Perform a continuing review of courier assignment to assure proper manpower usage and as a basis for adding or eliminating pegitions in accordance with current requirements.

Approved For Release 2006/04/13: CIA-RDP70-00211R000900140004-2

PROGRAM FOR THE REPORTS AND COURSES PONDENCE MANAGENTIES BRANCH

Estimated Date
Start Completed

(Correspondence)

- 1. Develop a handbook which will provide procedures and style standards for the preparation and handling of memoranda and letters. (The Central Intelligence Agency Correspondence Handbook)
 - a. Develop initial draft of Handbook for review and approval at General Services Office level.
 - b. Upon review and approval of draft by Chief, General Services Office, submit copy to reproduction for printing of sufficient copies for clearance through Regulations Control Staff.
 - editorial committee to review working-level recommendations on the Handbook. It is proposed that the committee be composed of representatives from the major Agency components which submit recommendations. Convene the committee in sufficient sessions to agree completely on the Handbook's content.
 - d. Revise the initial draft to incorporate findings of the editorial committee. Develop an index and prepare text, exhibits, and cover for submission to Reproduction.
- 2. Collaborate with the Training Office in publishing a guide for the assistance of stenographers and typists, such a guide to include information on typing techniques, capitalization, punctuation, and other typing aids. (The Stenographer's and Typist's Guide)
 - a. Discuss with Regulations Control Staff and the Director of Training our recommendation that the Guide be published in the 40-150 series as a handbook related to other issuances on Correspondence Management.
 - b. Assist Training Office personnel with the preparation of final copy for submission to Reproduction, to ensure that the Guide will conform in general appearance to the format of other handbooks on Correspondence Management being developed by the Branch.

Develop a handbook for the assistance of writers, such a guide to contain information on writing techniques, the use of form memoranda and letters, pattern memoranda and letters, pattern paragraphs, and other uniting aids. (The Writer's Handbook)

- a. Convene Area Records Officers and request from them an inventory of requirements for repetitive-type correspondence within their areas. In collaboration with Area Records Officers, analyze the types and volume of repetitive correspondence and develop form or pattern correspondence for use Agency-wide or by specific components, as appropriate.
- b. Develop an index (correspondex) of those form memoranda and letters, pattern correspondence, and pattern paragraphs for Agency-wide use, and assist Area Records Officers with the development of correspondences appropriate to the needs of their areas.
- c. Procure copies of available pamphlet-type literature on the subject of writing techniques. If such material is not available, develop a section on this subject from text books and other publications.
- d. Assemble material developed (or procured) into a draft copy for review at General Services Office level.
- e. Submit draft copies to Regulations Control Staff for working-level clearance.
- f. Incorporate working-level recommendations into final draft; clear through Chief, GSO and Regulations Control Staff; and submit to Reproduction for printing.
- 4. Develop a handbook for the guidance of Area Records Officers implementing a Correspondence Management Program within their areas. Such a guide to contain information on: conducting surveys; the development and use of form and pattern correspondence, correspondence, and other labor saving methods; the

TELCTULE.

establishment and maintenance of control measures for a continuing review of correspondence practices; the development and dissemination of Program publicity; the reporting of Program progress.

- a. Secure permission to install and operate a Correspondence Management Program in a representative Office. (Either Logistics or Personnel is recommended.)
- b. Collaborate with the appropriate Area Records Officer in determining the most realistic procedures and guides for administering the Program.
- c. Develop an initial draft of the proposed handbook. Clear through GSO and the Office in which the Program is to be operated.
- d. Test the Program and the handbook through actual operations.
- e. Publicize content of the handbook and what is being accomplished in the pilot installation.
- f. Based upon comments from other areas and experience gained in operating the pilot installation, develop a draft containing guides appropriate to administering a Program in any Office or other component of the Agency.
- g. Subwit draft copies through Regulations Control Staff for working-level clearance.
- h. Incorporate working-level recommendations into final draft; clear through Chief, GSO, and Regulations Control Staff; and submit to reproduction for printing.
- 5. Concurrently with accomplishing Objective & above, develop a progress reporting system in conjunction with requirements for progress reports on other phases of Records Management.
 - a. Determine the desirable reporting frequency and format with respect to:

- (1) Higher echelon's requirements for progress information.
- (2) The desirability of exchanging timely ideas among the Area Records Officers.
- (3) The need for an indicator of problem areas.
- b. Analyze the methods used by Area Records Officers to maintain records on Program Progress.
- c. On the basis of findings from a. and b. above, develop a reporting procedure which will best serve the needs of the Program yet place the least burden on Area Records Officers.
- 6. Promote the establishment and operation of Programs in each major component to provide for Headquarters—wide application of Correspondence Management principles.
 - a. Publicize the accomplishments of established programs. Confer with officials of those elements which do not have a Program. Gain acceptance of the Program at the highest echelons. If possible promote the issuance of Program directives at the Deputy Director levels.
 - b. Upon acceptance of the Program by individual Offices, develop such guides as necessary for its installation and operation, and assist Area Records Officers with the initial Program phases.
- 7. Develop and implement a training program designed to augment published guides, such a program to be of benefit to present or future Area Records Officers who may lack experience (particularly analytical) in the field of Correspondence Management.
 - a. Develop exhibits and practical exercises from material obtained through the experiences of Area Records Officers, as reflected in their progress reports.

- b. Conduct training sessions for individuals or groups as appropriate.
- 8. Develop Program publicity on the basis of accomplishments reported by Area Records Officers, and the need for maintaining continous interest in the Program.
 - a. Review progress reports and discuss accomplishments with Area Records Officers to obtain timely information of publicity value. Let's not hide any light under a bushel!
 - b. Review all available publications for possible publicity material.
 - c. Develop original handbills, exhibits, sketches, cartoons, etc. for dissemination via the Records Management Bulletin.
- 9. Provide Area Records Officers with such assistance as is necessary, and perform other duties incidental to the continued operation of the Program.
 - a. Maintain continuing liaison with Area Records Officers, either individually or through group discussions.
 - b. Conduct analyses of correspondence systems of Agency-wide scope, or coordinate studies involving two or more Offices.
 - c. Evaluate Area Records Officers' progress reports to determine where Program progress is lagging, and in what organizational elements additional assistance or Program promotion may be necessary.
 - d. Install and administer a Correspondence Management Program in those organizational elements not serviced by Area Records Officers.
 - e. Develop such statistics and progress reports as may be required by higher echelon.

Approved For Release 2006/04/13: CIA-RDP70-00211R000900140004-2

PROGRAM FOR THE RECORDS CENTER BRANCH

Start Completed

- 1. Store and protect noncurrent records and distribution materials of the Agency.
 - and the SMF Mivision develop plans for the adequate physical security and protection from fire, climate, etc., of the records used and housed in the Center.
